Summary

Driven mobile application developer with 5-6 months of hands-on experience in building cutting-edge applications using the Flutter framework. Proficient in leveraging Flutter's cross-platform capabilities to craft seamless user experiences across Android and iOS devices. Skilled in optimizing app performance through efficient state management, clean architecture principles, and streamlined routing. Adept at collaborating with cross-functional teams, ensuring timely delivery of high-quality, robust, and scalable applications. Passionate about staying updated with the latest Flutter developments and industry best practices. Eager to contribute to innovative mobile solutions that enhance user engagement and drive business growth.

Experience

Flutter Intern

Ambition Guru

Dec 2023 - Present (6 months)

Diving into the world of mobile app development with Flutter! Exploring strategies for streamlined app building through state management, clean architecture principles, efficient routing, and more. Starting off by crafting mock apps to get a solid grasp of practical implementation. Eager to immerse myself in the vibrant developer community, collaborating with professionals across diverse sectors and frameworks. This hands-on approach aims to sharpen my skills and gain invaluable insights from real-world experiences.
